

## Smart Commute Week Commuter Cup Challenge

The Challenge is a fun and friendly competition among local smart commuters that occurs during Smart Commute Week every year. It is open to the public and totally free to participate. Here's how it works:

**1.) Form a Team.** Rally your family, friends, classmates and co-workers...or compete solo. No team size restrictions. No age restrictions. Experts and beginners...all are encouraged to join in the fun. Any individual who might normally drive a single passenger vehicle to and from their destination but instead uses an alternative form of transportation is qualified to participate.

- ✓ **Rule: Team size must remain the same throughout the week!**  
**Team division sizes: Large (26+), Medium (11-25), Small (2-10) and Individual**

**2.) Assign a Team Captain.** Team captains will need to register their team online at <https://traversetrails.org/2023-smarter-commute-week-registration/> and are responsible for keeping track of team points and logging scores online daily.
